## WHO WE ARE

Jasmine Loo Psychology  
Celebrating Neurodiversity

We're a neuro-affirming private practice in S.E. Melbourne seeking passionate allied health professionals (early career professionals welcome).

## IF YOU'RE A:

- PSYCHOLOGIST
- SPEECH PATHOLOGIST
- OCCUPATIONAL THERAPIST
- ACCREDITED MENTAL HEALTH SOCIAL WORKER/ COUNSELLOR
- MENTAL HEALTH NURSE
- DIETITIAN
- COUPLES/FAMILY THERAPIST
- GP MENTAL HEALTH SPECIALIST

who is looking for new opportunities as a sub-contractor (min. 1 day/week), we'd love to hear from you! **Email us today** with your:

- Up-to-date **CV**
- **Cover letter** addressing the key selection criteria, and
- Details of **2 professional referees**.

## Why work with us?

- You have **full autonomy** to decide which clients you feel comfortable working with, your work hours and case load, and when you have space to see new clients. **No KPIs or other business pressures**. We treat you like the professional you are, and how we ourselves want to be treated.
- **Attractive remuneration** e.g., Psychologists are paid \$100-\$180 per billable hour + **Superannuation** (depending on factors incl. experience and needs from the workplace), meaning if you opt for a caseload of average 20 clients a week, working 46 weeks a year (i.e., 6 weeks leave/year), you'll have a take-home annual income of \$92,000 to \$165,600 + super + PD allowance. Other allied health professionals please email for information.
- **Annual professional development allowance** (\$500 to \$1500 per year).
- Fortnightly **individual supervision** sessions with Jasmine, in your first 3 months, then ongoing monthly sessions.
- Jasmine is a **Board Approved Supervisor**, so if you are an Ed. & Dev. Psych. registrar, arrangements can be made with Jasmine to be your registrar program supervisor.
- **Training** with Jasmine on working in the **neurodivergent** space, if you're just starting out in this area of work.
- **Beautiful, cosy space** to see your clients.

## Essential selection criteria:

1. ABN or willingness to procure one.
2. Full registration with AHPRA, or your profession's Australian regulatory board.
3. Experience working with neurodivergent clients using a neuroaffirming approach/a special interest in this area and willingness to gain experience.
4. Experience delivering evidence-based services, e.g., CBT/ACT/DBT etc. for psychotherapy.
5. Experience conducting a range of assessments, e.g., cognitive and educational assessments, ASD and ADHD diagnostic assessments, cross-battery assessments, etc., and strong report-writing skills (*#5 is only required for certain professions*).
6. Strong commitment to ongoing supervision & professional development.
7. Experience and confidence working independently with a wide range of presenting issues, as well as a clear sense of the limits of your competency.
8. Strong work ethics, organisation, and verbal + written communication skills with key stakeholders.
9. Medicare provider eligibility (except for couples & family therapist/counsellor).
10. Current Police Check and Working with Children Check (WWCC).
11. Professional indemnity insurance & full Australia working rights without limitation.

## Desirable criteria (any of):

- Bilingual or multilingual working proficiency.
- Competence in delivering treatment modalities for trauma (e.g., EMDR, TF-CBT, etc) for therapists.
- Competence in delivering treatment for eating disorders (e.g., FBT) for therapists.
